EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. McDowell on January 4, 2005.

The application has been amended as follows:

Claim 1, lines 1-2, cancel "in particular articles in the form of rolls, such as rolls of paper material, and the like,"

Claim 18, lines 1-2, cancel "in particular rolls, such as rolls of paper material, and the like,"

Please cancel claim 19.

Allowable Subject Matter

2. Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance:

The allowability of the independent claim 1 resides, at least in part, in that closest prior art of record Wei et al. (U. S. Patent 5,229,948) does not disclose or suggest, alone or in combination, the processor means operating under the control of a predefined program that governs the operation of the packaging machine in response to corresponding setting data which are provided to the processor means of the packaging

machine; and an apparatus for conveying the rolls which is able to transfer the rolls between the forming machine and the package machine and which presents at least a respective local control unit comprising processor means operating under the control of a predefined program that governs the operation of the conveying apparatus in response to set data into the processor means of the conveying apparatus, in combination with the other elements and features of the claimed invention.

The allowability of the independent claim 18 resides, at least in part, in that closest prior art of record Wei et al. (U. S. Patent 5,229,948) does not disclose or suggest, alone or in combination, the cutting unit sending the articles to respective machine for packaging the articles downstream therefrom, the cutting sections being fed with elongated coils coming from a single coil magazine fed by a single re-coiling section, in combination with the other elements and features of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
